29 EXPLANATION

30 The inclusion of this explanation does not constitute agreement with
31 the explanation's substance by the members of the general assembly.

32 This bill relates to reporting requirements under the
33 Medicaid program.

34 The bill eliminates the required quarterly report by the
35 department of human services (DHS) to the legislative fiscal

1 committee of any savings realized and the amount of any costs
2 paid through the Medicaid preferred drug list program. DHS has
3 revised the process to report program performance. The annual
4 national health expenditure report released by the centers
5 for Medicare and Medicaid services which reflects the results
6 of the new process is posted, annually, on the Iowa Medicaid
7 website.

8 The bill also changes the date by which DHS is required
9 to submit an annual report to the governor and the general
10 assembly regarding the average amount expended per Medicaid
11 waiver recipient for the elderly waiver and the brain injury
12 waiver each fiscal year from October 1 to December 30.
